Dear Doug

DONATION TO THE OIL CHAPLAINCY TRUST

I have just returned from holiday to learn of the marvellous donation of £10000 made by the Aberdeen Oilman's Golf Association (AOGA) to the Oil Chaplaincy Trust. May I, on behalf of the trustees, thank you most wholeheartedly for this gift. During the last year a growing awareness of the Trust has led to an increase in applications and this generous donation will assist us in our support for those most in need and demonstrate that our industry actively cares for it's people both past and present.

The members of the AOGA may be interested in a quick snapshot of recent examples demonstrating how their donation will help. In the last few weeks the Trust has provided:

£2621 for specialist IT equipment to allow a paralysed patient communicate through eye movement.

£2300 for the purchase of a mobility scooter for a wife who is steadily losing the ability to walk.

£268, the cost of taxi fares to allow the children of an industry widow attend school while their mother was recovering from an operation.

£1076 to repair windows installed a pensioner's home by a 'cowboy' contractor.

Thank you once again.

Rev Gordon Craig
UK Oil and Gas Chaplain
