Dear David

Re: Minibus maintenance - Friends of Bucksburn ASN Wing

I would like to thank you on behalf of Aberdeen Oilmen's Golf Association for very kind donation. We are presently replacing a minibus; the one donated by AOGA is still going and being fitted with a tow bar. The latter will allow for disabled adapted bikes to be transported on a trailer and used outwith school environs.

The donation will allow this work and go towards running costs of both minibuses. Having the minibuses means that pupils can undertake activities away from school, e.g. Duke of Edinburgh award and national Learning needs sports events. This has led on to two pupils being scouted for the Scotland under 19 learning disability football squad, otherwise would have not come to the coaches attention

Kind Regards

Dr Robert Ede
