Dear Ian

On behalf of all the staff and pupils at Hazlewood School I wish to extend our heartfelt thanks to the Aberdeen Oilman's Golf Association for your generosity.

The money you raised at Gleneagles will provide the school with a wonderful playground resource.

Without the help from people like yourselves the school would be unable to enhance resources and facilities for our pupils as the school is small with a correspondingly small budget.

We are all very excited at the prospect of the new addition to our play park and will extend a welcome to all the committee when it is installed.

Yours sincerely
